Coach Newsletter

Hello PSSC Families,

Welcome back! I hope all of you are as excited to get back in the pool as I am. Last season, we faced challenges with pool schedules and multiple locations, but we are PSSC, and we work together to support each other despite any roadblocks we may encounter. However, our team's hard work paid off last season. Our swimmers had a wonderful year where we set personal best times, Pacific Northwest Swimming (PNS) qualifying time standards (champs, gold, silver), participated in multiple championship level meets and took home the Most Improved Team Trophy at the Daffodil meet!!!! For this season, we will continue to focus on developing stroke abilities, increasing endurance, creating race strategies and motivating/supporting our teammates. As the new season begins, it's time to set your goals, smash your old times and set new records. Give your best effort, be coachable and achieve your goal!

I am very excited and looking forward to seeing everyone in the pool, working hard, playing hard and having fun!!!

I am here to help swimmers succeed, support them, encourage them, and watch them grow. I always give my best effort in helping my swimmers achieve their goals and improve their strokes.

Welcome Back, GO SEA DRAGONS!!!

COMMUNICATION

The purpose of this communication is to give PSSC swim team parents an idea as to what they can expect from the PSSC program. This information will help you better understand what is going on and will also give you a look at the obligations associated with the team. This document includes as much information as possible so that you and your athlete know what to expect during the upcoming season.

How do I know what's going on?

PSSC TeamSnap - With this free app, each family can set their communication preferences and receive team information how it best suits them (email, text alerts, or just in the app). We intend to use this tool to communicate meet schedules, for swimmers to communicate meet availability, and to provide real-time info about pool closures. Download TeamSnap to your preferred devices and we will send you an invitation when you provide your email address upon joining.

PSSC Facebook Group – All information that is posted in TeamSnap is also posted on the Facebook Group.

Swim team bulletin board – The bulletin board is located by the window in the entry of the South Kitsap High School pool will have current information on it as well as meet information and upcoming events.

We're trying to work with new communication methods to accommodate families not on social media. Please provide feedback as to how TeamSnap is working for you. If you have comments, please contact a coach or a member of the board.

PROBLEM SOLVING

If a problem arises, please communicate directly with the coach involved. If that fails, contact the Head Coach. If that fails, contact the PSSC Board President. A communication gap is created when a parent makes the unfortunate decision to discuss their disagreements over coaching philosophy with other parents rather than taking them directly to the coach. Not only are problems never resolved this way; this approach often results in new problems being created. Listed below are some guidelines for a parent raising some difficult issues.

1. Try to keep foremost in your mind that you and the coach both have the best interests of your child at heart. If you trust that the coach's goals match yours, even though his/her approach may be different, you are more likely to enjoy a good rapport and a constructive dialogue. Most of the time, the coach can alleviate any concern with a simple explanation.
2. Keep in mind that the coach must balance your perspective of what is best for your child with the needs of the team or a training group. On occasion, an individual child's interest may need to be subordinate to the interests of the group, but in the long run the benefits of membership in the group compensate for occasional short-term inconvenience.
3. Discuss the matter first with the coach following the same guidelines and preconceptions noted above. If the coach cannot satisfactorily resolve your concern, then ask that the Head Coach join the dialogue as a third party and/or involve a board member.
4. If another parent uses you as a sounding board for complaints about the coach's performance or policies, listen empathetically, and encourage the other parent to speak directly to the coach. He/she is ultimately the one who can resolve the problem.

2022-2023 PSSC PARENT/GUARDIAN MEMBERSHIP AGREEMENT

Puget Sound Swim Club PO Box 672 Port Orchard, WA 98366

I hereby acknowledge and accept the obligations and requirements of membership as stated by PSSC in this agreement. I have read and agree to:

1. Be actively involved in the support and development of my swimmer and the team for the swim year 2022-2023.
2. To abide by all other rules of PSSC as they are provided in writing.
3. Bring any questions or concerns directly to the attention of the Head Coach and/or Board of Directors.
4. Understand that Safety is a priority and for this reason, agree to:
 - A. Only USA registered athletes are allowed on deck (excluding USA registered non-athletes) for all practices and swim meets. Siblings and relatives of athletes are not to be on deck at any time and should remain in the spectator stand.
 - B. Drop off and pick up of athletes for practices should be within 15 minutes as PSSC, SKHS and the pool are not responsible. This is important as the pool may not be open before 15 minutes prior to practice and no supervision is present.
 - C. Children who are not registered athletes must be supervised by their parents and not allowed to play or run on deck, in locker rooms or in the timing booth. The best place for all spectators is in the bleachers.
 - D. No distracting coaches from their duties; they must be able to work and watch athletes without interruptions and distractions. If you need to speak to a coach, please do so before practice commences or after practice is completed.
 - E. Fire zone areas of the parking lot are not for parking; pick-up and drop off stops are allowed, and vehicles must be attended. Parking in fire zones is illegal and adds to congestion and safety concerns.
5. Emergency contact procedures and process

All athletes will provide TeamSnap with at least 2 emergency contact #'s and updated home address. The coaching staff will use every # listed in TeamSnap to contact parent/guardian in the event the athlete is not picked up on time. If the parent/guardian cannot be reached within 15 minutes, the coaching staff will call 911 for a non-emergency health and safety check.

Payment Procedures:

Procedures have been put in place for collecting payments for PSSC. We need a more secure way to make payments instead of handing over a check/cash to the treasurer/board members/coaches. We've also heard feedback from many of you that you would appreciate a credit card option for payment. Taking all of that into account, we will continue to utilize PayPal as the preferred payment collection.

One-time steps:

- Sign up for PayPal (if you don't already have an account).
- Download the PayPal App from your App Store (optional - you can use the web version as well, but the app makes the payments SUPER fast).
- Link accounts you want to use for fees (checking / savings / credit card) to your PayPal account (may require verification steps with your bank).

Recurring process:

- Each month, the PSSC Treasurer will send a file that indicates the fees owed for the month (including monthly training dues, and any other one-time payments like annual registration, meet fees, etc.). NOTE: While the intent is to just request payment once a month, there may be occasions where a one-off payment is requested.
- You will go to PayPal (app or web) and "Send Money" to Puget Sound Swim Club or @SWIMPSSC or paypal.me/SWIMPSSC (note - you should only have to search for it the first time you send money - it should show on your list for future transactions, and you can also make it a Favorite).
- Input your amount
 - NOTE: If you want an itemized receipt for your transaction, you may note \$xx Dues, \$xx Meet Fees, etc. in the "Add a Message" section. This is not required for me as I will already have a record of your fees by category. This will take the place of any handwritten receipts previously provided.
- Verify the amount and the account you want to use, and then hit SEND!

FAQ:

Q: Will PayPal charge me a fee?

A: PayPal charges the fees to the business conducting the transaction, not to the individual submitting payment. PayPal's fees for non-profits are currently 2.2% plus \$0.30 per transaction. Instead of charging an odd amount for each transaction, PSSC increased dues by \$5 per group per month starting with the 2020-2021 season to cover the additional system processing costs. We will not add any additional processing fees if we need to request multiple payments per month (like if we need to collect meet fees ahead of the next month's dues).

Q: What happens if I don't pay by the due date?

A: Fees are due by the 1st of the month. The PSSC Treasurer will send a courtesy email reminder to those who have not paid by the 7th. After the 12th, a \$20 late fee is incurred, and the Treasurer will send a request for money to you from the club PayPal account with the late fee added in.

Q: How will you know that I've paid?

A: PayPal will log the transaction and send the Treasurer an email that your money has been received. The Treasurer can see the names of the people submitting and the amounts, will record the transaction date in the club files for record keeping.

Q: Does this mean you'll have access to my bank account and credit card information?

A: NO! This is the financial security benefit of using a platform like PayPal. You keep your information protected and only you can see your payment methods. The Treasurer can only see your name and the amount when the payment is made. You keep your personal data safe!

Q: I need a receipt for my transaction. Will you still write one out?

A: No - PayPal will provide you a receipt for your transaction. If you want it itemized, you will need to note in the "Add a Message" Section how much was for Dues/Meet Fees/etc.

Q: What if I don't want to use PayPal?

A: At this time, PayPal is the primary method for payments used, and we may have exceptions on a case-by-case basis. While we've always wanted to be flexible with our swim families, this is a way to ensure the protection of data/financials for the club and for all of you. In addition, it eases the administration of collecting payments in person when parents will not be allowed on-deck at the pool. Thanks for understanding.

Q: I need help figuring out PayPal... can you help?

A: Absolutely - Send a message to the Treasurer (treasurerswimpssc@gmail.com) and we can connect.

“Parents... Your Athlete Needs You”

The coach is the Coach! We want your swimmer to relate to his or her coach as soon as possible concerning swimming matters. This relationship between coach and swimmer produces best results. When parents interfere with opinions as to how the swimmer should swim or train, it causes considerable, and oftentimes insurmountable, confusion as to whom the swimmer should listen to. If you have a problem, concern, or complaint, please contact the coach.

Best kind of parent: The coach's job is to motivate and constructively criticize the swimmer's performance. It is the parent's job to supply the love, recognition, and encouragement necessary to make the swimmer work harder in practice, which in turn gives him/her the confidence to perform well in competition.

Ten and Under: Ten and under are the most inconsistent swimmers and this can be frustrating for parents, coaches, and the swimmer alike! Parents and coaches must be patient and permit these youngsters to learn to love the sport. When a young swimmer first joins PSSC, there may be a brief period in which he/she appears to slow down. This is a result of the added concentration on stroke technique, but this will soon lead to much faster swims for the individual.

Not every time: Even the very best swimmer will have meets where they do not do their best times. These “plateaus” are a normal part of swimming. Over the course of a season, times should improve. Please be supportive of these “poor” meets. The older swimmers may have only two or three meets a year for which they will be rested and tapered.

The Ten Commandments for Parents of Athletic Children

Make sure your child knows that - win or lose, scared or heroic - you love him/her, appreciate their efforts, and are not disappointed in them. This will allow them to do their best without a fear of failure. Be the person in their life they can look to for constant positive reinforcement.

Try your best to be completely honest about your child's athletic ability, his/hers competitive attitude, their sportsmanship, and their actual skill level.

Be helpful, but don't coach him/her on the way to the pool or on the way back, or at breakfast, and so on. It's tough not to, but it's a lot tougher for the child to be inundated with advice, pep talks and often critical instruction.

Teach them to enjoy the thrill of competition, to be "out there trying," to be working to improve his/her swimming skills and attitudes. Help him/her to develop the feel for competing, for trying hard, for having fun.

Try not to relive your athletic life through your child in a way that creates pressure; you lost as well as won. You were frightened, you backed off at times, you were not always heroic. Don't pressure your child because of your pride. Athletic children need their parents so you must not withdraw. Just remember there is a thinking, feeling, sensitive free spirit out there in that uniform who needs a lot of understanding, especially when his/her world turns bad. If he/she is comfortable with you - win or lose - he/she is on their way to maximum achievement and enjoyment.

Don't compete with the coach. If the coach becomes an authority figure, it will run from enchantment to disenchantment, etc. with your athlete.

Don't compare the skill, courage, or attitudes of your child with other members of the team, at least within his/her hearing.

Get to know the coach so that you can be assured this his/her philosophy, attitudes, ethics, and knowledge are such that you are happy to have your child under his/her leadership.

Always remember that children tend to exaggerate, both when praised and when criticized. Temper your reaction and investigate before over-reacting.

Make a point of understanding courage, and the fact that it is relative. Some of us can climb mountains and are afraid to fight. Some of us will fight but turn to jelly if a bee approaches. Everyone is frightened in certain areas. Explain that courage is not the absence of fear, but a means of doing something in spite of fear or discomfort.

TEAM STRUCTURE

Puget Sound Swim Club offers training and practice groups for swimmers of all ages and ability levels. It is the goal of the PSSC to offer specific training for all of our athletes geared towards challenging each individual and developing each individual to the best of their abilities. Groups are not age based, rather, skill based.

The coaches reserve the right to adjust training groups to meet the practice needs of swimmers. This will help keep our team agile and make best use of coaches and pool space available. There may be movement within the week to practice with different groups, and coaches and/or a board member will notify parents of any permanent changes to training groups (which would indicate a change in days eligible to swim and fees).

LEVELS/TRAINING GROUPS

Novice

Novice is for the swimmer who has passed the highest level of swim lessons or has equivalent skills and may be ready to try competition. Practice will focus on learning all four competitive strokes, starts and finishes, flip turns and diving.

Swimmers eligible to attend 3 days per week: MWF 4:30-5:30 PM

Monthly Training Fee: \$85.00

Junior

Development and refinement of the basic competitive swimming techniques in all strokes, starts and turns. The swimmer must demonstrate ability to participate in higher level conditioning sets.

Swimmers eligible to attend 4 days per week: MWThF 4:30-6:00 PM, optional Saturday practice at KTAC – 9-11am

Monthly training fee: \$100.00

Senior

This level of training is for committed athletes. Technique continues to be foundational to the practice, yet drills become part of building stamina and speed. Swimmers need to be self-motivated and 'own' swimming as their sport without parental pressure to attend either practice or meets.

Swimmers eligible to attend 5 days per week: Monday through Friday, 4:30-6:00 PM, optional Saturday practice at KTAC – 9-11am

Monthly training fee: \$115.00

Fitness

This level is for high school students only. PSSC coach will provide fitness swimmers with a swim workout to increase or maintain endurance.

Swimmers eligible to attend 2 days per week: Tuesday & Thursday, 4:30-6:00 PM, optional Saturday practice at KTAC – 9-11am

Monthly training fee: \$60.00

INTERIM STRUCTURE AND PRACTICE DAYS/TIMES

As a result of the SKHS pool renovations, PSSC will be temporarily practicing at Peninsula High School in Gig Harbor in partnership with Harbor Aquatics Club (HAC) during the 2022-2023 season. The team may also occasionally practice at Gig Harbor High School. Please see section titled “Financial Information” and the table header “Monthly Training Dues” for the specific interim days/times. These will be in effect until PSSC returns to their home pool at SKHS.

Friday before meet:

At meet:

- Coach determines relays based on available swimmers

What to Bring to a swim meet:

- Plenty of towels - 2 to 4 depending on number of events
- Warm clothing – morning meets can be cool
- Chairs or blankets to sit on
- Shade/tarp during summer meets - applicable for outdoor meets only
- Cooler for fruit, juices, water, snacks etc.
- Snacks and drinks
- Team cap, team suit, extra swimsuit and goggles (you should have an extra pair of goggles)
- Visors and sunscreen (during summer meets)
- Baby or talcum powder to dust the inside of swim cap. This helps preserve the cap and makes it easier to put on.

- Something to sit on (e.g., sleeping bag, old blanket) The swimmer will be spending a lot of time on it.
- Sweat Suit and/or flannel pants
- Team T-Shirt
- Homework, games, travel games, cards, coloring books, anything to pass the time.

BRING YOUR EXCITEMENT

- Special note to parents: The pool area at indoor meets is usually very warm, so dress appropriately.

When to Arrive

- Arrive early - at least 15 minutes prior to warm-up time – so that swimmers can check in with their coaches prior to warm-ups.
- Warm-up times will be announced by the coaching staff at practices preceding each meet.

Before the Meet Starts

- Arrive at the pool at least 15 minutes before the scheduled warm-up time begins. Upon arrival, your swimmer should find where the Team is located on the pool deck.
- Find positive check-in. Most meets require the swimmer check in. There is usually a table set up near the entrance. Check for instructions. Usually, you will be asked to highlight the swimmer's name and events. A swimmer who misses check-in will not be allowed to participate in the meet. Check in usually closes 20 minutes after warm-ups begin.
- After your swimmer has checked in, write each event number, distance and stroke (example #22- 50 Free) on your swimmer's arm or leg in ink.
- This helps the swimmer remember what events he/she is swimming and what event numbers to listen for.
- Your swimmer should then get his/her cap and goggles and report to the pool for warm-up instructions from the coach. It is very important for all swimmers to warm-up with the team. Swimmer's bodies are just like cars on a cold day – they need to get the engine going and warmed up before swimming all out.
- After warm-up, your swimmer will get his/her towel and wait until their next event is called. This is a good time to make sure he/she goes to the bathroom, if necessary, gets a drink or just gets settled in.
- Heat sheets will be posted in various locations around the pool prior to the start of the meet. Swimmers should write the heat and lane assignments on their hands for the events they will be swimming.
- The meet will usually start 10-15 minutes after warm-ups end.
- According to USA Swimming rules (because of insurance purposes), parents are not allowed on deck unless they are serving in an official capacity. Similarly, all questions concerning meet results, an officiating call, or the conduct of a meet,

should be referred to the coaching staff. They, in turn, will pursue the matter through the proper channels.

- At outdoor meets the deck is open, however, parents are not allowed to enter the roped off areas or to approach the starting blocks.
- Heat Sheets: A heat sheet is usually available for sale in the lobby or concession area of the pool. A heat sheet lists all swimmers in each event in order of “seed time”. When the team entry is sent in, each swimmer and his/her previous best time in that event is listed as “no time” or “NT”. A “no time” swimmer will most likely swim in one of the first heats of the event.

Meet Starts

- It is important for any swimmer to know what event number he/she is swimming (again, that is why they should have the event numbers on their hand). He/she may swim right away after warm-up or have to wait awhile.
- It is the swimmer’s responsibility to report for their race prior to the start of their event. Swimmers are to report to either the starting blocks or “bullpen”, which is a staging area usually provided for younger swimmers only. Swimmers should report with swim cap and goggles. Generally, event numbers for girls are odd numbers and event numbers for boys are even numbers. Example: “Event 25, 10 and Under Girls 50 freestyle, report to the bullpen”.
- All meets are run differently. Lining up for the race, double ended starts, will be determined by the host club.
- The swimmer swims the race.
- After each swim: The swimmer should ask the timer for their time, then go immediately to their coach. The coach will ask him/her their time and discuss the swim with the swimmer.
- Generally, the coach follows these guidelines when discussing swims:
 - Positive comments or praise
 - Suggestions for improvement
- Things you can do as a parent after each swim:
 - Tell your swimmer how great they did!
 - The coaching staff will be sure to discuss stroke technique with them.
 - You need to tell him/her how proud you are of them.
 - This is another good time for your swimmer to check out the bathrooms, get a drink or something light to eat or cheer on other PSSC swimmers.
 - The swimmer then waits for his/her next event.
 - All swimmers should stay with their coaches and teammates, or families during the course of the meet.
- When a swimmer has completed all his/her events, there is one more thing to be done before the swimmer can go home.

- Check with the coach to see if your swimmer is in a relay. It is not fair to other swimmers who have stayed for a relay and your swimmer is not there and the relay team cannot swim.

Meet Experiences

- Once you have attended one or two meets, this will all become very routine.
- Please do not hesitate to ask any coach or other PSSC parent for help or information.
- These meets are a lot of fun for swimmers! They get to visit with friends and meet swimmers from other teams. They also get to race and see how much they have improved from all the hard work at practice.

At the Meet

- Swimmers should stay in or close to the team area. Listen for your event and be ready to go to the clerk of course with your goggles and swim cap in hand.
- **Parents** - please know where your swimmer is at all times.
 - If you are working the meet, please assign another parent who is willing to watch out for your child.
 - It is ultimately the swimmer's responsibility to get to the clerk of course and the blocks on time.
 - Check with the coach before you leave the meet. You may be on a relay at the end of the meet!
- **FOR NEW SWIMMERS OR THOSE NEW TO SWIM MEET PROCESS: PLEASE ATTEND FIRST MEET WITH YOUR ASSIGNED BUDDY FAMILY TO BECOME FAMILIAR WITH THE MEET PROCESS/ HOME VOLUNTEERING AND GENERAL LAYOUT OF A SWIM MEET.**

Frequently asked questions

What equipment does my swimmer need?

- Practice suit – many swim stores sell discontinued or solid color suits for a reduced price on a rack called “practice suits”. Having a suit to use at practice rather than the team suit will prolong the life of your team suit. Always rinse suits in tap water after being in the pool to get rid of damaging chlorine.
- Team suit – plain black of any brand/style. It isn’t mandatory to get a team suit – plenty of kids don’t get them.
- Goggles – These are a must for the comfort of your swimmer’s eyes. Buy a decent pair and write your swimmer’s name on them. An extra pair is a good idea.
- Cap – PSSC Dragon cap
- Optional items – A bag for carrying towels, fins etc. is a good idea. At the beginning of the season, when the air temperature or the water temperature is still cool, sweatshirts and sweatpants are recommended. There are team sweatshirts, t-shirts, and a variety of other things for sale. Be on the lookout for these at home meets if you are interested.

Frequently Asked Questions about Swim Meets

Q: What is “positive check-in”?

A: Upon arriving at a meet, it is imperative that each swimmer confirms his/her attendance. This is what’s referred to as “positive check-in”. Typically, near the swim meet entrance is a list of all registered swimmers. Swimmers should immediately go to this list and check their name off (usually by highlighting their name on the positive check-in sheet with a highlighter). Parents may want to assist younger swimmers in order to ensure that this is accomplished; otherwise, the swimmer will be “scratched” or unable to participate in the actual swim meet.

Q: How do I know what events my child is swimming?

A: The [Pacific Northwest Swimming \(PNS\)](#) website has meet information including events for each swimmer. When you arrive at a meet, you are able to purchase a “heat sheet” which lists the events (by number) along with the names of the swimmers entered in the meet. The actual heats are not determined until after positive check-in is completed. In addition, swimmers participating in relays aren’t decided until after warm-ups are

completed. We therefore suggest that parents meet their swimmers between events or before the meet starts to find out/confirm events, heat numbers, and relay participation. This will help ensure that you know exactly when your swimmer is swimming.

Q: How can I be sure that my child won't miss his/her event?

A: There are many processes in place to help ensure that no swimmer misses his/her event. Often, *there is a bullpen for 8 and under swimmers - where the swimmers are informed of events and told when to go on deck*; there is a scoreboard which indicates the current event in the pool; there are announcements made over the loudspeaker system informing everyone of events and announcing heats; and coaches are on deck. Even so, with all of these processes, unfortunately, swimmers will miss an event. Therefore, it is important for swimmers to understand the importance of paying attention to announcements and knowing what event is in the water at all times.

Q: When my child is finished swimming his/her events, are we free to leave or do we need to stay until the very end of the meet?

A: While it is always nice to have swimmers on hand to help cheer their teammates along, swimmers are free to leave when they have completed their events and any relays. All swimmers must notify their coach before leaving the meet.

Summary

We understand that this is a tremendous amount of information. The intent of this packet is not to overwhelm, but rather to inform. With so many “veteran” parents on the team and Family Liaisons available, we encourage you to “just ask” if you have questions. We’ve all been where you are before and are here to answer your questions and help you and your children feel comfortable and a part of the PSSC team.

The officers of the Board have volunteered their time to represent you, the parents. Please know that the Board is ever evolving. If something is not working as it should, if you have a suggestion as to how something could work better or more efficiently, or you are having a problem, please bring it up at a Board meeting so we can all discuss it as an organization and make necessary changes.

Show your kids that you care. There are presently more than 25 children on the PSSC swimming team. This clearly translates to more than 50 parents available to contribute, in even the smallest way, to making this organization work in support of our kids.

PLEASE GET INVOLVED -- VOLUNTEER TO HELP.

“If everyone does a small part, no one will feel overburdened, and it can be an enjoyable experience for everyone.”

Thank you, in advance, for your time and support.
